FOR IMMEDIATE RELEASE

June 14, 2016

Progress at Future Knoxville CBOC

Graham Construction is pleased to share recent progress at the future Knoxville CBOC, located at the corner of Lincoln and Longlane in Knoxville, Iowa. The footings have been dug and concrete has been poured, which paves the way for foundation walls, and interior piers. The storm sewer system is being tied in and metal decking has also been delivered. We are very pleased with the project and can't wait to see this 12,800 square foot state of the art, Veteran centered, Outpatient Clinic up and running.

As a reminder, VA Central Iowa Health Care system continues to provide the best care/services to local Veterans at the current CBOC (located in Building 1 at 1515 West Pleasant Street) until the new lease space is open and ready for patients. The Department of Veterans Affairs Office of Asset and Enterprise Management (Washington, DC) continues to have a lease agreement of the full historical Knoxville campus with Knoxville Veterans Alliance (KVA) to develop the land under the enhanced use lease process.

For more information, contact VA Central Iowa Health Care System Public Affairs Officer, Kristi Catrenich at Kristi.Catrenich@va.gov.
